

## Title 128 - Department of Environmental Quality

### Chapter 11 - REQUIREMENTS FOR TRANSPORTERS OF HAZARDOUS WASTE

001 These hazardous waste transporter requirements establish standards which apply to persons transporting hazardous waste within or through the State of Nebraska if such transportation requires a manifest as specified under this Chapter and Chapters 9 (Small Quantity Generators) and 10 (Large Quantity Generators) of these regulations. Certain hazardous wastes defined as and managed as universal wastes are transported according to Title 128, Chapter 25.

002 These regulations do not apply to on-site transportation of hazardous waste by generators or by owners or operators of permitted hazardous waste management facilities.

003 A transporter shall also comply with Chapters 9 and 10, if the transporter:

003.01 Transports hazardous waste into Nebraska from outside the United States; or

003.02 Mixes hazardous wastes of different DOT shipping descriptions by placing them in a single container.

004 Prior to transporting hazardous waste, a transporter shall comply with Chapter 4, 003 through 004 notification and identification number).

005 A transporter who stores manifested shipments of hazardous waste in containers meeting the requirements of Chapter 10, 003.01A for a period of ten days or less is not subject to regulation with respect to the storage of those wastes. A transporter who stores hazardous waste for more than ten days must comply with the permit requirements of Chapters 12 through 15.

006 Transporter manifest procedures.

006.01 A transporter shall not accept hazardous waste from a generator unless it is accompanied by a manifest signed by the generator in accordance with Chapter 10, 002 of this Chapter. In the case of exports, a transporter may not accept such waste from a primary exporter or other person (1) if the transporter knows the shipment does not conform to the EPA Acknowledgment of Consent; and (2) unless, in addition to a manifest signed in accordance with the provisions of Chapter 10, 002 of Consent which, except for shipment by rail, is attached to the manifest (or shipping paper for exports by water (bulk shipment).

006.02 Before transporting the hazardous waste, the transporter shall sign and date the manifest acknowledging acceptance of the hazardous waste from the generator. The transporter shall return a signed copy to the generator before leaving the generator's property.

006.03 The transporter must ensure that the manifest accompanies the hazardous waste. In the case of exports, the transporter must ensure that a copy of the EPA Acknowledgment of Consent also accompanies the hazardous waste.

006.04 A transporter who delivers a hazardous waste to another transporter or to the designated facility shall obtain the date of delivery and the hand written signature of that transporter or of the owner or operator of the designated facility on the manifest, shall retain

one copy of the manifest in accordance with Section 007 of this Chapter, and shall give the remaining copies of the manifest to the accepting transporter or designated facility.

006.05 The requirements of Sections 006.03, 006.04, and 006.06, of this Chapter do not apply to water (bulk shipment) transporters if:

006.05A The hazardous waste is delivered by water (bulk shipment) to the designated facility; and

006.05B A shipping paper containing all the information required on the manifest (excluding the DEQ/EPA Identification Numbers, generator certification and signatures) and, for exports, an EPA Acknowledgment of Consent accompanies the hazardous waste; and

006.05C The delivering transporter obtains the date of delivery and hand written signature of the owner or operator of the designated facility on either the manifest or the shipping paper; and

006.05D The person delivering the hazardous waste to the initial water (bulk shipment) transporter obtains the date of delivery and signature of the water (bulk shipment) transporter on the manifest and forwards it to the designated facility; and

006.05E A copy of the shipping paper or manifest is retained by each water (bulk shipment) transporter in accordance with Section 007 of this Chapter.

006.06 For shipments involving rail transportation, the following requirements apply instead of Sections 006.03, 006.04 and 006.05:

006.06A When accepting hazardous waste from a non-rail transporter, the initial rail transporter must:

006.06A1 Sign and date the manifest acknowledging acceptance of the hazardous waste;

006.06A2 Return a signed copy of the manifest to the non-rail transporter;

006.06A3 Forward at least three copies of the manifest to:

006.06A3(a) The next non-rail transporter, if any; or
